SPONSORSHIP OPPORTUNITIES

The MPMA Fall Technical Meeting (FTM) offers the perfect opportunity for technically-focused power transmission companies to share their brand with an exclusive, tailored audience of professional engineers and subject matter experts from around the world. Our branding and engagement sponsorships put your logo, solutions, and contact information directly in the hands of the people who design, manufacture, and use the solutions you provide.

Sponsoring this event showcases your commitment to the industry and the people in it — what better way to demonstrate your investment in the R&D of gears, bearings, materials, and the full mechanical power supply chain? We offer options for every budget. Please contact brinkley@motionpower.org today to secure your choice. We have levels for all.
